Introducing "Sensual Kisses Body Collection"

Sensual Kisses is a hypoallergenic body care line hand blended with the finest fragrance and essential oils. Many of our products are blended with natural fruit extract and oils. The light and playful scents are formulated to be moisturizing and long lasting.

The Fragrances

Berrywine- You will be transported to the finest wine vineyards in the world. This scent is reminiscent of a perfectly sweet Merlot with over tones of the ripest blackberries.

Country Apple- This fresh scent puts you right in the middle of a blooming apple orchard. The refreshing fragrance tickles the senses with a top gentle note of citrus.

Cucumber Melon- This Classic spa scent will relax and sooth you. The mild mix of cucumber and melon extract is accented with a light note of Green tea.

Sweet Surrender- a fruity floral scent that evokes the intoxicating, floral-infused breezes of the Mediterranean.
